1. Purpose and scope

1.1 This policy sets out the mechanism for appeal by any person, or organisation (the appellant) adversely affected by a decision of the ANZHPBA Association (the Association) that is inconsistent with approved Association policy. An appellant who has been directly and adversely affected by a decision that is inconsistent with approved Association policy and/or procedure may apply to the Executive Officer (EO) of the Association to have the decision considered by the Appeals Committee. An appeal to the Appeals Committee cannot result in a re-making by the Appeals Committee of the appealed decision. Rather, a successful appeal will result in the referral of the matter back to an Association body for the making of a fresh decision subject to any terms and conditions imposed by the Appeals Committee.

3. Policy

3.1 Internal Review

3.1.1 An appellant may, prior to lodging an appeal, by direct request to the original decision maker, seek a review of any decision made by an Association Board or Committee. A review may be requested where there is evidence that approved policy or procedure was not correctly applied or that there are pertinent matters of

fact that existed at the time but were not known to the decision maker that may have persuaded the decision maker to reach an alternate decision.

3.1.2 An appellant may request copies of documents on which the decision was based. The Association Committee or Board will provide such information within four weeks of receipt of a written request, subject to obligations of privilege, privacy and confidentiality which may apply.

3.1.3 Any request for an appeal against a decision must be made within three months of receipt of notice of the decision and will initially be processed as a review. The Association aims to complete the review process within six (6) weeks and will notify the appellant of the outcome.

3.1.4 On receipt of notification from the Association of the outcome of the review the appellant may: i) Accept the decision and the result of the internal review; or ii) Within two (2) weeks request in writing that the EO convene a hearing of the Appeals Committee. iii) If no correspondence is received within two (2) weeks this will constitute acceptance of the review.

3.2 Appeal Initiation

3.2.1 The Appeal Request to the EO must include: i) The prescribed appeal fee, and ii) Details of the specific decision that is being contested, and iii) The Grounds of Appeal, based on the allowable Grounds of Appeal (see 3.3), and iv) Details of how the decision being appealed does not conform to approved Association policies and/or procedures, and v) Documented and verifiable evidence in support of the Grounds of Appeal.

3.3 Grounds of Appeal

3.3.1 The Decisions which may be considered by the Appeals Committee are: i) Decisions of the Training Committee in relation to selection, in-training assessment, and examination of trainees. ii) Decisions of Boards and Committees in relation to application for completion and certification of ANZHPBA Post-Fellowship training. iii) Decisions of the ANZHPBA Board (the Board) and Decisions of the Treasurer in relation to the financial status of members, trainees, or other persons. iv) Such other decisions of the Association or its Committees as the Board may determine from time to time.

3.3.2 An appeal may only be made on one or more of the following grounds: i) That an error in law or in due process occurred in the formulation of the original decision. ii) That relevant and significant information existing at the time of the original decision, and which should have been known to the decision maker was not

considered or not properly considered in the making of the original decision. iii) That the original decision was not one at which a rational decision-maker could have arrived in good faith. iv) That irrelevant information was considered in the making of the original decision. v) That the original decision was made for an improper purpose.

3.4 Acceptance of Appeals

3.4.1 Requests for appeals are not accepted where the appellant is seeking an exemption from approved Association policy.

3.4.2 The EO shall, within four (4) weeks of receipt of a properly initiated appeal in accordance with section 3.2 of this policy, advise the appellant and the original decision maker that an appeal will be heard. This advice will include: i) The date, time and place of the hearing (which shall not be less than 6 weeks from the date of notice). ii) The right and expectation of the appellant to appear before the Appeals Committee. iii) The right of the appellant to be accompanied by a legal representative to act as an advisor. iv) The right of the appellant to have a support person present. v) All relevant documentation held by the Association, subject to obligations of privilege, privacy or confidentiality which may apply.

3.4.3 Acceptance of an appeal does not prevent the decision under appeal from remaining in effect until the appeal is heard and determined.

3.5 Submissions to the Appeals Committee

3.5.1 In any appeal, the appellant will carry the onus of proof to establish the grounds of the appeal.

3.5.2 At least 4 weeks prior to the hearing the appellant will provide the Association with written submissions and copies of any documents and records upon which he/she wishes to rely. This written submission must be within the context of the original submission for an appeal, and cannot introduce new grounds of appeal. A copy of the submission will be made available to the original decision maker.

3.5.3 Both the appellant and the original decision maker may lodge a rebuttal submission up to 2 weeks before the scheduled appeal date.

3.5.4 The Appellant's submissions and the Decision maker's submissions will be provided to the Appeals Committee and no further material will be accepted after this time.

3.5.5 Should the appellant have late documentation that he/she wishes to present to the Appeals Committee but is prohibited but they may elect to cancel the scheduled

meeting and convene a new appeal at a later date. In this situation the fee for the scheduled appeal will be forfeited and a new fee payable prior to a new hearing date being set.

3.6 Appeals Committee Composition
